

STERN MEASURES TO SECURE SOFT COAL SUPPLY

The Prince at Geo. Washington's Tomb at Mount Vernon, Va.

SEIZE BITUMINOUS MINES; USE TROOPS TO GUARD MEN

U.S. Government Takes Firm Action In Effort to End Soft Coal Strike

Seizure to Be Confined to Plants Whose Owners Show a Bad Spirit.

(Canadian Press Wire.) Washington, Nov. 28.—Seizure of bituminous coal mines where the owners do not show a disposition to co-operate in increasing production, and use of troops to protect all miners who desire to work, has been decided upon by the Government in an effort to end the bituminous coal strike, it was stated to-day officially.

The mines seized by the Government, the Government, the 14 per cent. wage advance agreed upon by the Cabinet will be put into immediate effect, it was said.

These plans of the Government were agreed upon by the Cabinet last Wednesday, officials said, so as to meet the situation resulting from a refusal of the operators or miners, or both, to agree to the Government wage increase proposal.

Here is a picture just received from London. This hat is nigger brown. Strict feather forms the crown and a nigger lance makes an attractive trimming.

VIRTUAL VOTE OF CENSURE UP IN BRITISH PARLIAMENT

Government to Resign If Motion Re Coal Policy is Successful.

(A. P. Special Cable.) London, Nov. 28.—What was regarded as a vote of censure on the policy of the Government in connection with control of the coal output of the United Kingdom was moved in the House of Commons to-day.

The motion, introduced by William Bruce, a Labor member, called for the appointment of a committee to inquire into the cost of production, the output and price of coal. Behind the motion lies the full strength of the Labor party was marshalled.

In view of the motion, Mr. Bruce declared the Labor party had been trying to co-operate with the Government in a grave and difficult financial problem, but that the Government had declined to permit the party's co-operation.

Mr. Bruce asked why the Government was afraid of a committee of inquiry. The miners, he said, had been driven to despair over the burdens of the coal department, and the trade was working into chaos. Development was retarded, he declared.

The member maintained that the industry required reorganizing, because the shortage in the output was not attributable to the miners, but to the lack of development by the owners, and to bad transportation. The miners, he said, were prepared to co-operate with anybody and every body on any system, in order to secure larger production.

The Government treats the question as a matter of confidence, and has issued urgent instructions to its supporters, warning them the adoption of the motion would be equivalent to a vote of censure. It is assumed the Government will resign of the motion is successful.

The motion, which has many supporters outside the Labor party, is an outcome of an order issued by Secretary of the House of Commons, Sir Charles Gwynne, Minister of National Service and Reconstruction, on Nov. 24, that the House of Commons should be reduced to a minimum of 100 members, and that the House should be reduced to a minimum of 100 members, and that the House should be reduced to a minimum of 100 members.

BRITAIN ASSURES JUGO-SLAYS OF JUSTICE ON THE ADRIATIC

Question Soon Before Supreme Council, and New Nation's Interest Safeguarded

Meanwhile Millo Is Busy Aiding D'Annunzio--Serbs May Intervene.

(A. P. Special Cable.) London, Nov. 28.—Great Britain has given Jugoslavians assurances that the Adriatic question will soon be taken up by the Supreme Council, and that Great Britain's influence will be used to secure a just and equitable settlement in accord with the life and interest of Jugoslavia, according to private dispatches.

These reported assurances are consistent with the presentation of the note sent by the Jugoslav delegation to the Supreme Council in Paris, urging that the Adriatic matter be taken up immediately. The British note does not commit the Government to any definite line of action.

Dispatches here are inclined to view the Jugoslavians during the past few days of Gabriele D'Annunzio, the Italian commander at Fiume, as a hopeful sign, although there is no disposition to assume that he is not a Jugo-Slav, according to private dispatches.

It is believed that the fact that the Italian divisions were unfavorable to his project may have influenced him to pause and consider the probability of success.

Meanwhile the official announcement of Premier Nitti's policy regarding the Adriatic is eagerly awaited.

MAY BEING SERB INTERVENTION Paris, Nov. 28.—Admiral Enrico Tassilo, commander of Italian occupation forces along the eastern coast of the Adriatic, is working hard in hand with Captain Gabriele D'Annunzio, according to information received here from an authoritative source. All along the Dalmatian coast, it is said, the people believe the Italian fleet and D'Annunzio's army are co-operating for the purpose of occupying all of Dalmatia.

In Jatroslav official circles here it is felt that the excitement among the population may result in uprising which will make Serbian intervention absolutely necessary.

DR. HORACE L. BRITTAIN, one of the organizers of the new Civic Voters' Association, who is quoted as having told a meeting of the Women's Voters' League that "I think it would be a good idea for you to promote an organization for men voters, who probably need it more than the women do."

TUNGSTEN MONOPOLY. Board's Judgment in Laco-Phillips Co. Suit.

Ottawa, Nov. 27.—In the case of the Laco-Phillips Co. v. the Canadian General Electric, the Board of Commerce has rendered a decision to the effect that the latter company has a monopoly by patent of tungsten wire filament, but not of ordinary electric tungsten lamps, except the gas-filled lamp, of which the C.G.E. holds the patent. The board finds, however, that the Canadian General Electric has not operated its monopoly fairly, and that the Laco-Phillips Company is entitled to have the case reported to the Minister of Justice under section 12 of the Combines Act. That section states that, wherever the board finds that a monopoly by patent is unfairly operated it shall report the fact to the Minister of Justice, who shall file a petition in the Exchequer Court for revocation of the patent. The board says that unless the parties in dispute can agree the necessary recommendation will be made to the Minister.

Your Saturday Order We would be pleased to have you favor us with your Saturday order. We can promise you prompt delivery and courteous attention. The best of fancy and staple groceries, poultry, fresh fish, oysters and southern vegetables. In fact, everything you would expect to find in a first-class grocery store you will find here. A. G. Bain & Co.

LADY ASTOR WINS HER SEAT IN THE BRITISH PARLIAMENT

Countess Wins Her Seat in the Commons.

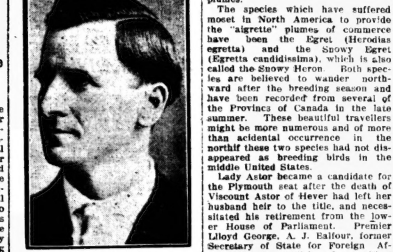

(A. P. Special Cable.) Budapest, Nov. 28.—One hundred million crowns, contained in 21 cases, buried deep in the cellar of Count Michael Karolyi's place, has been discovered and confiscated by the Hungarian police. The treasure consisted of stocks, bonds and silver and gold, representing the former Premier's total fortune. Through searches by the Communists when they were in power failed to reveal the treasure, although the place was ransacked several times.

The species which have suffered most in North America to date from the "aggressive" plagues of commerce have been the Peregrine (Hirundo) and the Snowy Heron (Ardea). Both species are believed to wander northward after the breeding season and have been recorded from several of the Provinces of Canada in the late autumn. These beautiful travellers might be more numerous and of more than ordinary value in the north if these two species had not disappeared as breeding birds in the United States.

Lady Astor became a candidate for the Plymouth constituency in the House of Commons after the death of Viscount Astor of Hever had left her husband heir to the title, and necessitated his retirement from the House of Commons. Lady Astor, formerly Lady George A. J. Ballour, former Secretary of the House of Commons, and Baroness Plims, former First Lady of the House of Commons, has been heavily opposed by her husband's Labor legislation was the chief issue during the campaign, which at times assumed quite bitter aspects.

Lady Astor, who becomes the first woman seat holder in the House of Commons, was formerly Miss Nannie Langhorne of Virginia, the daughter of a mother of six children. A fact of which she has made no mention during her canvass.

In the by-election held in the Isle of Wight, a division of Kent, on Saturday, Nov. 15, Edmund Harcourt, Unionist, polled 5,711 votes, defeating Captain A. J. West, Liberal, who received 7,685.

PROF. L. W. GILL, returned soldier, and head of the electrical engineering department of Queen's University, Kingston, who has been appointed Director of Technical Education, Department of Labor, a new Government position.

MORE GERMAN NOTES COMING

(A. P. Special Cable.) Paris, Nov. 28.—Germany is expected to send new notes to the Peace Conference concerning the surrender of those charged with responsibility of crimes committed during the war, and the replacement of German warships sunk at Scapa Flow by their crews, according to the Presse de Paris.

MEMORIAL SCHOOL

London Men Are Greatly Pleased With It.

Hamilton's new memorial school has been favorably commented upon since its completion, and the latest admirers are G. Bridgeman, W. Murray and H. C. McBride, of London, Ontario. They are attending the local town planning convention, and yesterday inspected Hamilton's banner school.

"It certainly is something to be proud of," said Mr. McBride. "London, he said, contemplated spending \$200,000 on schools, and added that the local school would look well in London."

PASSAGE MONEY

Latest News About Refund for Dependents.

A. W. Kaye, of the Soldiers' Aid Commission, has received the following information regarding the refund of passage money for dependents.

The recommendation made by the special committee on Soldiers' Civil Re-establishment, that refund of transportation should be paid at third-class rates to those dependents of soldiers who returned prior to the 11th November, 1918, and who have been made for those who returned to Canada subsequent to the 11th November, 1918, and as you are probably aware, those who came back prior to that date had their fare covered by the Government.

The Order-in-Council has not yet been passed, but it is anticipated that it will go through at once, and every effort will be made to get cheques promptly as applications are received. As it is estimated that there are approximately 18,000 dependents coming under this category, there may be a little delay owing to the volume of work.

As soon as the Order-in-Council is passed, notice will be handed to the local agent.

Mr. Kaye has received a supply of applications for the refund of passage money, and he is pleased to assist dependents to fill them out and to receive their cheques. The office of the Soldiers' Aid Commission is in the basement of the old Library Building, 202 Main street west.

HYDRO IN TERMINAL

This Story Again Told at Civic Meeting.

Indications that the Provincial Hydro Commission will soon have control of the D. P. & T. Co.'s interests were in evidence at a meeting of the Property and License Committee held last night.

Secretary H. Barr advised that the Hydro Commission some time ago negotiated for a long term lease of the old Public Library building, and even went so far as to pledge itself to spend several thousand dollars in improvements. A short time ago, however, this offer was withdrawn and negotiations were called off. This was due, Mr. Barr intimated, because it was quite probable that at no distant date the Terminal Building of the D. P. & T. Co. would be in possession of the Hydro Commission.

Ontario Mr. Barr advised that it was proposed to use the Terminal for office purposes and the proposed Hydro station near James and Stuart streets for passenger traffic.

At this point Mr. Barr advised that the Board of Trade wanted to rent the entire library building, or would even be glad to purchase it from the city. No price was mentioned. It was stated that the Park Business College would pay \$125 per month for the use of most of the lower floor, and this was accepted by the committee, with the recommendation that a three-year lease be entered into and that no alterations be made.

WALTER NICHOL

Named as Possible New B. C. Governor.

Ottawa, Nov. 27.—A Lieutenant-Governor has to be appointed shortly for British Columbia, where Hon. S. M. Macdonald, a newspaper proprietor, have all been mentioned. There is a tendency to believe that Col. Pringle will be selected by the Government. He was Minister of Mines, and was in the Defence Committee of the Coal Controller resigned yesterday.

Walter Nichol was a newspaper reporter in Hamilton for many years, having been on the Spectator staff from 1885 to 1900 and on the Herald about 25 years ago.

English Briar Pipes

CANADA FACES
GRAVE SHORTAGE

As Result of Failure of Coal
Negotiations.

Must Conserve Every
Pound, Says Controller.

Ottawa, Nov. 27.—Canadian coal now looks forward to a shortage of soft coal supplies for some time, in the opinion of Mr. C. A. Magrath, Dominion Fuel Controller, who has just returned from Washington.

Under the circumstances there is only one sound course to be pursued, and that is to rigidly conserve every pound of coal that is in the country and every pound of coal that Canada may receive during the next few weeks.

While industries in Canada have been asked to conserve coal, the United States and are being advised in some instances of shipments being made, and the coal companies of the United States railroad administration, which has complete control over soft coal supplies, are diverting such shipments whenever and wherever they can.

When asked today if any legal action would be taken, arising from the charges made by Captain Myron, the Federal officers concerning the abandonment of his crew, Captain Myron said: "I would be glad to go to court."

When asked today if any legal action would be taken, arising from the charges made by Captain Myron, the Federal officers concerning the abandonment of his crew, Captain Myron said: "I would be glad to go to court."

GARMENT MAKERS TALK ON "TARIFF"

Accept Lower Duty If On
Raw Materials, Too.

Separate Meetings by Dif-
ferent Sections.

Toronto, Nov. 28.—A discussion of the tariff question, as it affects clothing manufacturers, occupied the whole of the afternoon of Nov. 27, at the Canadian Garment Manufacturers' Association convention at the King Edward Hotel. The subject was introduced by Mr. F. S. Hodgins, of Kitchener, who was chairman of a committee delegated to deal with the matter.

While no definite decision as to what the members thought should be done with regard to the tariff was made, the attitude taken by the garment makers was not without interest. The discussion centered around the question of the duty on the finished article and that on the raw materials.

It was pointed out that the duty on cotton piece goods, the manufacturers of raw material, was 25 per cent, while the duty on the finished article, the garment, was only 35 per cent.

The members took the position that the tariff was a question of the duty on the finished article and that on the raw materials.

WOULD BUY THE GUELPH RADIAL

Formal Offer of Purchase
By Hydro Commission.

\$150,000 Offer—Guelph
Strong for Hydro.

Guelph, Nov. 27.—After waiting anxiously for some time for the Hydro-Electric Commission to make a proposal to the Guelph Radial Railway, a letter was received this morning by Mr. Moore from W. W. Pope, secretary of the commission, containing a definite offer.

EMMANUEL TO VISIT AMERICA

First Speeches—Princess Mary

Strong for Hydro.

Rome, Nov. 27.—King Victor Emmanuel will go to the United States next summer, and also visit South America, especially the Republics of Brazil, Uruguay, Argentina, Chile and Peru, unless the political situation prevents him from carrying out his desire.

CANCELLATION OF G.T.R. TRAINS

About 90 Out Of On Sun-
day in Ontario.

Many Affecting the Local
District.

Toronto, Nov. 28.—Pursuant to the policy which the Grand Trunk Railway had announced some days ago, it would be forced to adopt in view of the Hamilton coal strike, the passenger schedule of the company was cancelled yesterday. By it the passenger trains in Ontario have been cancelled temporarily, in addition to about 90 in the Province of Quebec. The company is hoping strongly that the strike may be adjusted so that it will be able to obtain sufficient quantities to return to the former schedule at the earliest possible date. The cancellation of the passenger service, according to some of the officials in connection with the strike, is a blow to the company that made during the war, although not quite so far-reaching.

In any case, said one official, the company has received no coal since the strike began some four weeks ago, and a reduction in the number of trains operated was the only course left open to us.

The new schedule goes into effect on Sunday.

So far the C.N.R. has made no announcement.

Nothing has so far been received by C.P.R. officials here regarding cancellation of service.

The G.T.R. changes of local interest follow:

MONTREAL-TORONTO
Train No. 6 leaving Toronto 7 a.m. daily except Sunday for Hamilton will be cancelled. Train No. 11 leaving Montreal 9 a.m. daily, arriving Toronto 9 a.m. daily, will be cancelled for Hamilton.

ORCHESTRA PLAYERS

WESTERMAN will have a full page on the Orchestra Players in Saturday's Times.

They Are Every Clever Sketches from Life

The Sad Violinist—He plays the audience to tears and then it takes the whole orchestra ten minutes to jazz it into the cheerful mood again. But everybody loves it.

Don't miss to get a copy of the TIMES of Saturday.

NO PLEDGE TO U.S. PRESIDENT

By Lloyd George, for Irish Settlement.

U. S. Must Help in Aid to Austria.

London, Nov. 27.—David Lloyd George, the Prime Minister, again, to-day, said that he was not prepared to pledge the British Government to any action in aid of the United States in its fight against the German Government.

Mr. Lloyd George said that he was not prepared to pledge the British Government to any action in aid of the United States in its fight against the German Government.

GERMANS BURN COURLAND FARMS

Laying Waste Country in Their Retreat.

Allied Mission Off to Investigate.

London, Nov. 27.—Riga reports to-night that the German army has burned all historical buildings, the Germans, before evacuating Mitau, also burned a great number of the best private houses. During their retreat from Mitau they are laying waste the whole country, burning all farms and livestock, and threatening to kill the inhabitants if they try to lay anything. The German army is now moving in to Central Courland, to invade the German war of destruction, and the Latvian People's Council has unanimously adopted a resolution

breaking off all diplomatic relations with Germany.

COOPERED TO STOP FIGHTING. Copenhagen, Nov. 27.—The Inter-Allied Baltic Commission has stopped hostilities between the Lithuanians and the Germans and Russians and has directed the combatants to retire to the demarcation line of October 30, according to advice to the Lithuanian army.

The advice add that the Lithuanians only bowed to this doctrine on condition that the German and Russian army surrender all German and Russian war and railway material in the Baltic battle area to the Lithuanians.

Evacuation of the occupied districts, it is said, will be effected under Lithuanian control, while the Lithuanians will suspend their offensive and guard the German and Russian army transport to Germany. The Inter-Allied commission will supervised fulfilment of the conditions.

LAWYER IS REMOVED. Petersburg, Nov. 27.—Jas. G. Gulevsky was removed for one week to-day on the request of his solicitor, P. D. Kerr, from the jury which is now sitting in the case of the German war of destruction, and the Latvian People's Council has unanimously adopted a resolution

breaking off all diplomatic relations with Germany.
